

2025 SPONSORSHIP APPLICATION

LC Engineering receives multiple sponsorship applications a day. Sponsorship is directly correlated with the level of media exposure that your vehicle can offer LC Engineering during the 2025 sponsorship year. This exposure includes magazine and news placement, media events, races, tournaments, etc. To fully process your application, please fill in ALL related fields on this application. Also, provide a full proposal on what you and/or your organization can provide in exchange for product sponsorship along with photos of your vehicle. For consideration, we must have hard copies of your proposal and sponsorship form. If not approved, you are eligible to re-apply for sponsorship in one year.
